On July 13, 2023, Deutsche Telekom agreed to sell a 51.0 % stake in GD Towers, comprising its tower assets in Germany and Austria, currently assigned to the Group Development operating segment (GD tower companies), to DigitalBridge and Brookfield. Since the third quarter of 2023 the GD Towers business unit has been reported in the interim consolidated financial statements as a discontinued operation within the meaning of IFRS 5 (consolidated view). On the other hand we continue to present the earnings situation in the interim group management report from a management perspective, including the discontinued GD Towers units (management view). Upon completion of the transaction on 1 February 2024, Deutsche Telekom lost control over the GD Tower companies.

The figures shown in this report were rounded in accordance with standard business rounding principles. As a result, the total indicated may not be equal to the precise sum of the individual figures.
